[redacted] - Recovery of Indebtedness

REFERENCE: a. Your memorandum dated 28 August 1953, same subject.

b. Memorandum from Chief, Special Security Division, to Office of General Counsel dated 27 January 1954, subject, [redacted]

1. We are returning herewith the attachments submitted with Reference "a."

2. We understand that you have received a copy of Reference "b." We believe that [redacted] promise to repay his indebtedness at the rate of \$5.00 a week is the best that can be hoped for at the present time. Because past events indicate that the subject's good intentions are not always reflected by his actions, it would be advisable to maintain a close check on the regularity of his payments and periodic review of his financial circumstances in order to ascertain whether the rate of payment could reasonably be increased.

3. We will be pleased to take such further action in this matter as you may request.
